**DIRECTORS' REPORT**

---

The directors present their report and the audited financial statements for the year ended 31 December 2015.

**DIRECTORS' RESPONSIBILITIES STATEMENT**

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the surplus or deficit of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**GOING CONCERN**

The financial statements have been prepared on the going concern basis. This assumes that the company will be able to meet its liabilities as they fall due. In assessing the appropriateness of the going concern basis the directors have reviewed cash flow forecasts and will continue to review the membership base and the appropriate level of subscriptions to enable the company to continue in operational existence for the foreseeable future recognising the current economic outlook. Accordingly, the company continues to adopt the going concern basis in preparing the financial statements.

**BUSINESS REVIEW**

2015 proved to be another extremely busy year for HBF as it worked to influence Government policy in the areas that impact on its members and create a better operating environment for the industry.

The 2015 election campaign saw all parties committing to build more homes. Since its victory, the Conservative administration has introduced a number of pro-development policies. HBF worked as the conduit between the industry and Government to ensure that the policies are workable for its members and were introduced such that the industry could build on the significant increases in output seen the previous year and continue to build more homes.

Particular areas of focus included:

- Pushing Government for an extension to the Help to Buy equity loan scheme, that HBF had been instrumental in getting introduced, and which has played such a major part in the increase in output. An extension to the scheme to 2020 was announced in the summer. HBF also worked closely with Government to develop its new Starter Homes scheme. Getting the detail right will be key to the industry's ability to use it to build and sell homes.
- Working with Government and Local Authorities to ensure the NPPF planning system is implemented such that it delivers more land to meet housing demand. HBF put forward proposals to speed up the time it takes to process planning applications many of which were announced in various statements from Government. HBF represented the industry at each Local Plan Inquiry to ensure Local Authority plans accurately reflect housing need and allocate sufficient land to address that need.
- Developing, in conjunction with the industry and CITB, a range of initiatives to recruit and train more people to address the skills shortage.
- Looking to get specific measures introduced to assist smaller builders raise output; and leading a campaign aimed at increasing retirement housing provision.

In addition HBF worked in numerous other areas including with regards to; CIL, broadband, SUDS, customer satisfaction, Building for Life, the Consumer Code and devolution.

Throughout 2015, HBF continued to retain existing members and attract new members and as a result has been able to report a surplus before tax of £81,123 (2014: £99,746).

**QUALIFYING THIRD PARTY INDEMNITY PROVISIONS**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2015**

---

**1. ACCOUNTING POLICIES**

**1.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

**1.2 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property	-	Depreciation rate 2% per annum on cost
Fixtures & fittings	-	Depreciation rate 16.67% per annum on cost
Office equipment	-	Depreciation rate 33.33% per annum on cost

**1.3 Deferred taxation**

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

**1.4 Turnover**

Turnover represents members' subscriptions which are recognised in the period to which they relate and only on receipt of the subscription monies.

**1.5 Pensions**

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year. The amounts charged to the profit and loss account in respect of pension costs and other retirement benefits are the contributions payable in the year.
