

FE Leavers into Home Building:

- 220 students registered an interest in the programme, 161 of which were accepted
- 9 employers engaged and supporting the programme
- 14 colleges participating across Kent, Surrey, East Sussex and Essex
- 9 Insight events have taken place in February with 5 Site visits planned for March
- Webinars have taken place with Home builders to tackle soft skills development and industry expectations
- Positive feedback received from Home Builders, Tutors and Students

Women into Home Building:

- 4 of the 15 women who completed the North London Programme have successfully secured employment, WiC will continue to support the remainder into employment. If you want to know more about these women contact Anna.Walterskotter@women-into-construction.org
- The 18 women who completed their training in Birmingham are currently in work placements with 10 employers
- The employment/celebration event will take place on 26th March at the Lendlease site Perry Bar, details will be sent out shortly.
