

# Explore a leadership career in home building

Join women nationwide for our insight, training, and work placement programme taking place near you this May

The Women into Home Building Programme offers:

- One week of online training and insight sessions
- A two-week work placement shadowing a site management team at a home building site local to you
- The opportunity to connect with potential employers
- Support covering childcare and travel costs

Applications welcome from all backgrounds, including construction industry newbies, or those already working in industry

Apply by midnight  
on Sunday 22  
March 2026
